Colorado County
On-Site Sewage Facility Application (OSSF)

Signature below acknowledges all the information provided is correct, owner is aware of the flood hazards and other responsibilities.

I authorize Colorado County, Texas and Texas Commission on Environmental Quality and their agents to enter the described property during daylight hours to inspect the On-Site Sewage Facilities, for any reason consistent with the water quality program of the Texas Natural Resource Conservation Commission. A permit to operate the OSSF will be granted following a successful inspection of the installed system, which indicates that they system was installed in compliance with TCEQ rules for an OSSF, TAC30, Chapter 285.
