

## 2013 Property Tax Rates in Nolan County

This notice concerns 2013 property tax rates for Nolan County.

It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Farm to Market/ Flood Control Fund	Special Road/ Bridge Fund
<b>Last year's tax rate:</b>
